

Tune: Glory, Glory Halleluiah

Come and walk for Frack free Ryedale (x3)

Let's keep our land frack free.

Chorus

Sing with us we love Ryedale (x3)

Let's keep our land frack free.

Tune: Jerusalem

And did they frack in ancient times?
Poisoning waters; once so clean?
And were their fil-thy rigs of doom
On England's plea-sant-pastures seen?

And did the On-ly face of Truth
Shine forth upon our clouded hills?
And do the frackers know time is up
To use their dark sa-tanic drills.

Come join us here and sing your song:
Sing of the justice you desire.
Assist us NOW! These frackers are wrong.
We now remember: We're the Choir.

We will not cease from camp-ing here,
Nor shall we rest till fracking's banned.
Till we have kicked these frackers out
Of England's green-and pleasant land.

Tune: She'll be coming round the mountain

*Chorus: We are walking for a Ryedale that's
frack free*

*We are walking for a Ryedale that's frack
free*

We are walking for our land

So come and take a stand

*We are walking for a Ryedale that's frack
free.*

Singing We want clean water, soil, and air

Singing We want clean water, soil and air

Singing We want clear air

Now that is only fair

Singing we want clean water, soil and air

Chorus: We are walking.....

Come on Ryedale District Council listen up

Come on Ryedale District Council listen up

You must listen and take note

Or you won't get our vote

Come on Ryedale District Council listen up.

Chorus

We are walking for the children of today

We are walking for the children of today

We would like a countryside

We can pass on with pride

We are walking for the children of today.

Chorus
